

NONCOAL MINING PERMITS
SAMPLE PUBLICATION FORMAT
INITIAL REQUEST FOR INTERIM MINE STABILIZATION
SINGLE PUBLICATION

INSTRUCTIONS:

1. This notice is to be published, upon notification by Land Quality Division, once a week for two (2) consecutive weeks in a newspaper of general circulation in the locality of the mine area (Chapter 3, Section 2(k)(ii)(E)(I) Land Quality Division, Noncoal Rules and Regulations).
2. An affidavit from the newspaper verifying publication shall be submitted to the LQD following publication along, with a copy of the notice.

Public Notice

The (Company Name) has filed a request for interim mine stabilization for a five year period with the Wyoming Department of Environmental Quality, Land Quality Division. The (mine name) is operated under mining permit no. (#) and is located in: (general legal description of permit area - sections, township and range, county) County, Wyoming. The mineral being mined is (e.g., sand & gravel, limestone, trona, bentonite, etc.). The mine is located approximately (locate the area relative to the nearest town, well-known landmark, highway, etc.). Information regarding the operation and the interim stabilization request may be reviewed at the office of the DEQ-Land Quality Division in Cheyenne (and at the District office in Lander or Sheridan, if applicable).

Any interested parties are encouraged to review the application and contact the appropriate Land Quality Division District Supervisor with questions about the application. Upon request by an interested party, the Land Quality Division may schedule a public meeting to discuss the application.
